## Back to the Future

"Back to the Future" is a popular movie that was released in 1985 and has since become a beloved classic. The movie follows the adventures of a young high school student named Marty McFly, played by Michael J. Fox who traveled to the past and future. This movie became a huge success and has remained one of the favorites among audiences of all ages in the science fiction genre.

Time travel is a fascinating topic. If you were able to travel back in time and fix a mistake, which one would you fix? You might have some or many mistakes you want to change. Fixing past mistakes could potentially bring about positive outcomes, allowing us to avoid pitfalls, make better decisions, and rectify any regrets we may have. We could choose to mend broken relationships, pursue missed opportunities, or avoid the negative consequences of our previous actions.

Unfortunately, we are not allowed to travel to the past. There is nothing we can change in the past. The good news is we can do something for a better future.

There are many concerns and questions about the future of the church, the United Methodist Church, and Christianity. We are living in a time of uncertainty. But we know we still have time to prevent any disastrous future. That's the lesson we can learn from the movie "Back to the Future".

What can we do now in this present to secure a better future? What should we change for that? I would like to invite you to this journey for the future. The church council and a task force team have been working on this new journey. We will have a congregational survey soon this summer. This survey will be done in various ways, online, hands-on, and by mailing. You will have a chance to reflect on the past, present, and future.

After summer, we will have the opportunity to review and share the result with the whole congregation. We will have special church gatherings to develop new ministry goals, plans, and strategies.

Jesus said "No one pours new wine into old wineskins. If they did, the wineskins would burst, the wine would spill, and the wineskins would be ruined. Instead, people pour new wine into new wineskins so that both are kept safe."

We experience our wineskin getting thin and worn out. It's time to prepare for a new wineskin. The next year 2024, we will celebrate 175 anniversary in ministry. It doesn't mean we only celebrate the past but prepare for the future. Are we ready for the new journey? Our journey to the future has begun.

*Blessings, Pastor Doh*
